

REMARKS

Restriction has been required under 35 U.S.C. §121 between Species I (Fig. 16) and Species II (Fig. 22), since the application as filed does not contain claims that are generic to both species.

Applicants are adding new claims 59 and 60 that are generic to both species and, therefore, respectfully request that the restriction requirement be withdrawn and that the Examiner consider all pending claims 1-60. As is required by the Office Action, Applicants provisionally elect Species I: claims 1-29, 38-54, 59 and 60, in the event the Examiner does not agree with Applicants' traverse. In that event, Applicants are also retaining the non-elected claims 30-37 and 55-58, unexamined, pending allowance of a generic claim.

Favorable action is solicited.

Respectfully submitted,
TING K. YEE et al.
